<u>Accessibility</u>

The Combat Campus Antisemitism Foundation website conforms to the World Wide Web Consortium's (W3C) Web Content Accessibility guidelines "A" standard as default, and achieves "AA" standard where possible.

For example:

- We try to use clear and simple language.
- We try to use alternative text for all images.
- We have tested the colors we use in the design for contrast.
- We try to publish all our text content as accessible HTML rather than in other formats such as PDF.
- Making our website fully accessible is an ongoing process and we are committed to offering a user-friendly experience.

If you have any comments regarding accessibility or require further assistance with accessing content on the website, please email info@combatcampusantisemitism.org.
